

Invitation for Expressions of Interest

Cataraqui Source Protection Committee: Industry Representative

(Under Ontario Regulation 288/07, Clean Water Act, 2006)

Purpose

Members of the industrial sector in the Brockville – Kingston – Greater Napanee area are invited to submit expressions of interest for the position of Industry Representative on the Cataraqui Source Protection Committee (SPC). This is an opportunity to contribute to the quality of life in local communities.

Committee overview

The Cataraqui SPC was formed in 2007 to guide the protection of drinking water sources in the Cataraqui Source Protection Area. It is one of nineteen committees established across Ontario under the *Clean Water Act, 2016*.

The SPC oversees the preparation, implementation and amendment of technical reports and drinking water source protection policies, along with related public and stakeholder consultation processes. A Cataraqui Source Protection Plan was approved by the Province of Ontario in 2014 and is now being actively implemented across the area.

Going forward there will be 12 SPC members appointed by the Cataraqui Source Protection Authority, plus a Chair who is appointed by the Ontario Minister of the Environment and Climate Change. The members represent municipal, economic and community sectors, and work together to support a shared goal of clean and plentiful drinking water sources. The Industrial Representative seat is currently vacant.

More information about the Cataraqui Source Protection Committee and a digital copy of this notice are available at: <http://cleanwatercataraqui.ca/about-us/cataraqui-source-protection-committee/>.

Roles and obligations of the Industrial Representative

- Act as a liaison between the industrial sector and the SPC;
- Regularly participate at SPC meetings throughout the duration of the appointment;
- Review staff reports and technical materials in advance of meetings;
- Work collaboratively with other Committee members and stakeholders;
- Provide constructive input to help find solutions to local source protection issues;
- Contribute positively to technical and policy updates;
- Comply with the Rules of Procedure for the SPC (By-law 2007-01).

SPC members must reside, own or rent property, be employed, or operate a business in the Cataraqui Source Protection Area. A map of the area is posted at: <http://cleanwatercataraqui.ca/about-us/cataraqui-source-protection-area/>.

Term and time commitment

A commitment to participate in 1 to 3 meetings per year for three years is anticipated, with a possibility of extension.

Compensation

SPC members receive a per diem for participating at meetings (currently \$200 per meeting). Mileage is also covered at the rate approved by the Ontario Ministry of the Environment and Climate Change.

How to apply

Candidates are asked to please submit the following information on or before **May 12, 2016**.

- Brief written expression of interest;
- Current résumé;
- Contact information (mailing address, work phone number, e-mail address); and
- Contact information for two references.

Expressions of interest and any questions may be directed to:
